## **MANAGEMENT DISCUSSIONS AND ANALYSIS**

### **MATERIAL ACQUISITIONS AND DISPOSALS**

There was no major acquisition or disposal during the six months ended 30 September 2018 (the "Period") and 30 September 2017.

### **BUSINESS AND FINANCIAL REVIEW**

The Group's revenue for the Period amounted to approximately HK\$17,329,000 (2017: approximately HK\$20,051,000), decreased by approximately HK\$2,722,000 as compared to the same period in 2017. The decrease in revenue was mainly attributable to the deteriorating and thus finally ceasing of several trading businesses including beverages, household products and nephrites during the Period.

During the Period, the Group has incurred a gross gain of approximately HK\$535,000 while it was a gross gain of approximately HK\$880,000 for the same period last year. Other operating expenses, net amounted to approximately HK\$3,561,000 (2017: approximately HK\$7,062,000). Loss for the Period amounted to approximately HK\$51,582,000 (2017: approximately HK\$49,599,000) in which the increase was mainly attributable to the fair value loss on investment properties.

## **CAPITAL STRUCTURE AND LIQUIDITY**

### **Proposed Capital Reorganization**

The Company has terminated the capital reorganization originally proposed on 4 July 2016 and has proposed to implement, subject to the approval by the shareholders, the new capital reorganization (the "New Capital Reorganization") on 9 November 2017 as follows:

- (i) Share Premium Cancellation: the entire amount standing to the credit of the share premium account of the Company will be cancelled to set off against part of total accumulated loss of the Company;
- (ii) Share Consolidation: every fifty issued shares of HK\$0.08 each ("Share") will be consolidated into one consolidated share of HK\$4.0 each ("Consolidated Share") in the issued share capital of the Company;
- (iii) Capital Reduction: upon Share Consolidation taking effect, the nominal value of the issued Consolidated Shares will be reduced from HK\$4.0 to HK\$0.0001 each (i.e. New Share) by cancelling the paid-up capital to the extent of HK\$3.9999 each, and the total credit arising therefrom will be applied to further set off the accumulated loss of the Company;
- (iv) Unissued Share Capital Cancellation: upon the Capital Reduction taking effect, all the authorized but unissued share capital of the Company will be cancelled in their entirety; and
- (v) Authorised Share Capital Increase: upon the Unissued Share Capital Cancellation taking effect, the authorised share capital of the Company will be increased to HK\$10,000,000 divided into 100,000,000,000 New Shares.

The New Capital Reorganization, being part of the resumption proposal ("Resumption Proposal") in relation to the proposed restructuring submitted by the Company to the Stock Exchange on 15 September 2017, will be subject to the passing of a special resolution by the shareholders by way of poll at the extraordinary general meeting, and the approval from the Grand Court of the Cayman Islands and the Listing Committee of the GEM Board. For details, please refer to the announcements of the Company dated 9 November 2017 and 14 November 2017.

## **Proposed open offer**

On 9 November 2017, the Company proposed an open offer ("Open Offer") on the basis of nineteen offer shares ("Offer Shares") for every one New Share/Consolidated Share held by the qualifying shareholders on the Open Offer Record Date ("Qualifying Shareholders"). A total of 1,297,775,150 Offer Shares will be allotted and issued by the Company to the Qualifying Shareholders and/or the underwriter at the offer price of HK\$0.19 for each Offer Share. The Open Offer will be partially underwritten by the underwriter.

Completion of the Open Offer, being part of the Resumption Proposal, is conditional upon the New Capital Reorganization becoming effective and the completion of an acquisition ("Acquisition") of a target company ("Target") which is principally engaged in provision of interior design services for commercial and residential properties, as well as galleries and show flats for local property developers in Hong Kong. For details, please refer to the announcements of the Company dated 9 November 2017 and 28 June 2018.

Net liabilities of the Group deteriorated to approximately HK\$457,509,000 as at 30 September 2018 from approximately HK\$410,031,000 as at 31 March 2018. The increase in net liabilities was mainly attributable to the increase in interests accumulated for convertible bonds during the Period.

## **LITIGATION**

- (1) On 4 September 2016 the Company announced, amongst other things, that (i) Evotech (Asia) Pte. Limited ("Evotech"), an indirect wholly-owned subsidiary of the Company, had entered into a Surrender Agreement with Jurong Town Corporation ("JTC") on 6 April 2016 pursuant to which Evotech agreed to surrender its leasehold interest in the real property located at 42 Gul Circle, Singapore 629577 to JTC at the consideration of S\$5,620,000 and such transaction was completed on 27 June 2016 without the approval and authorization of the Board ("the Unauthorized Transaction"), and (ii) the Company was investigating into the circumstances leading to the entering into the Unauthorized Transaction and the payments made by Evotech from the proceeds of the Unauthorized Transaction.

Upon completion of the said investigation and with the benefit of legal advice, Evotech has on 23 November 2016 commenced legal proceedings at the High Court of The Republic of Singapore (Case no. HC/S 1242/2016) against Mr. Koh Tat Lee ("Mr. Koh") for breaches of his duties as director and employee of Evotech and against Ms. Lily Bey Lay Lay ("Lily Bey"), another ex-director of Evotech, for breaches of her duties as director of Evotech and, for recovery of damages in the sums of S\$2,285,000 and US\$1,070,000 (the "Singapore Legal Action").

In the Singapore Legal Action, Mr. Koh and Lily Bey filed their Defence and Counterclaim to contest Singapore Legal Action and also commenced Third Party Proceedings ("Third Party Proceedings") against the Company and Ms. Yip Man Yi, the Chairman of the Company (the "Singapore Third Parties").

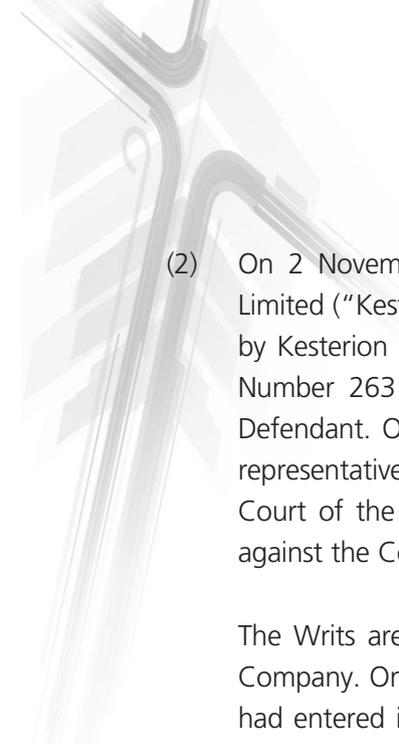

In the Third-Party Proceedings, Mr. Koh and Lily Bey sought indemnities and/or contributions against the Singapore Third Parties for authorizing and approving all the monetary transactions claimed by Evotech in the Singapore Legal Action to set off of sums as may be applicable between all parties in the legal action, if any.

On 17 January 2017, the High Court of The Republic of Singapore granted leave for service of the Singapore Third Party Proceedings on the Singapore Third Parties out of the jurisdiction of the Republic of Singapore and the Singapore Third Parties have duly instructed their attorneys in the Republic of Singapore to enter appearance and contest the proceedings.

The hearing commenced on 28 February 2018. At the commencement of the hearing, Mr. Koh and Lily Bey, through their attorney, withdrew the Third-Party Proceedings against the Singapore Third Parties. However, Mr. Koh and Lily Bey did not agree to the amount of legal costs payable to the Singapore Third Parties for the withdrawal of the Third-Party Proceedings. In this regard, the legal costs to be paid by Mr. Koh and Lily Bey to the Singapore Third Parties shall be determined by the High Court of The Republic of Singapore at a taxation hearing. The Company's attorney filed a bill of costs related to the amount of legal costs payable to the Singapore Third Parties for the withdrawal of the Third-Party Proceedings on 23 May 2018. On 19 June 2018, Mr. Koh and Lily Bey have been ordered by the High Court of The Republic of Singapore to pay legal costs for the sum of S\$99,000 to the Singapore Third Parties. Formal demand for the payment has been issued to Mr. Koh and Lily Bey. Yet, on 3 July 2018, Mr. Koh and Lily Bey have filed a summons for review of the taxation order. On 11 July 2018 and 16 July 2018, statutory demands were served on Lily Bey and Mr. Koh respectively, demanding payment of the legal costs as awarded. On 23 July 2018, Lily Bey fully settled the said legal cost of S\$99,000.

On 8 October 2018, an oral judgment was handed down by the trial judge who ruled in favour of Evotech against the Defendants jointly and severally in the total sum claimed by Evotech with interests running on each of these sums, while the formal judgment was released on 16 October 2018. Evotech is seeking legal advice in relation to the enforcement of the judgment against the Defendants.

For details, please refer to the announcements of the Company dated 4 September 2016, 23 November 2016, 10 February 2017, 2 March 2018 and 10 October 2018.

- 
- (2) On 2 November 2017, the Company received a demand letter from Kesterion Investments Limited (“Kesterion”). On 17 November 2017, the Company received a Writ of Summons issued by Kesterion in the High Court of the Hong Kong Special Administrative Region under Action Number 2631 of 2017 against CAAL as the 1st Defendant and the Company as the 2nd Defendant. On 20 November 2017 and 21 November 2017, the Company and its authorised representatives respectively received another Writ of Summons issued by Kesterion in the High Court of the Hong Kong Special Administrative Region under Action Number 2662 of 2017 against the Company (collectively “the Writs”).

The Writs are in relation to the repayment of a loan originally advanced by Kesterion to the Company. On 4 November 2016, the Company was notified by CAAL that CAAL and Kesterion had entered into a deed of assignment on 31 October 2016 pursuant to which Kesterion has assigned all its rights, title and interest in all the debts and liabilities owed by the Company to Kesterion to CAAL.

The Company filed its defence for both actions on 25 January 2018. Kesterion filed its reply for both actions on 22 February 2018.

On 5 March 2018, by consent, the Court ordered that these two actions be consolidated, and that under the consolidated action, Kesterion is the Plaintiff while CAAL and the Company are the 1st Defendant and the 2nd Defendant, respectively. On 28 June 2018, CAAL filed its defence for the consolidated action.

As the claim under the Writs is related to the assignment between Kesterion and CAAL and the Company has already recorded the corresponding loan in the condensed consolidated financial statements, the Board considered that the claim under the Writs shall have no adverse impact upon the financial position of the Group except that the corresponding loan has been reclassified from non-current liabilities to current liabilities based on the original terms of the loan facility.

For details, please refer to the announcement of the Company dated 28 November 2017.

- (3) On 2 July 2018, Evotech received a Writ of Summons issued by Kesterion in the High Court of the Republic of Singapore under Case Number HC/S 653 of 2018 (the “Writ”) in relation to the repayment of a loan provided by Kesterion to Evotech in the sum of S\$400,000. As stated in the Writ, the loan was interest free and repayable on demand and were for the purposes of settling the obligations owed to the Singapore authorities, specifically, the Goods and Services Tax payments owed to the Inland Revenue Authority of Singapore, as a result of surrender of leasehold property as mentioned in the Company’s announcement dated 4 September 2016 and for general working capital.

Evotech has engaged a Singapore law firm to contest the proceedings. The memorandum of appearance was filed by the Singapore law firm on behalf of Evotech on 9 July 2018. On 24 July 2018, Evotech has filed a defence denying the claim.

The Board has obtained legal opinion and expects that the Writ will have no significant effects on the overall financial and/or operation conditions of the Group. Therefore, no provision in respect of the claim was made in the condensed consolidated financial statements.

For details, please refer to the announcement of the Company dated 4 July 2018.

Save as discussed in the above sections, during the Period no member of the Group is engaged in any litigation or arbitration or claim of material importance and no litigation or claim of material importance is known to the Directors to be pending or threatened by or against any member of the Group.

## **LISTING STATUS**

The Stock Exchange has therefore decided to suspend trading in the Company's shares under Rule 9.04 of the GEM Listing Rules and commence the procedures to cancel the Company's listing under Rules 9.14 to 9.16 of the GEM Listing Rules (the "Decision"). The Letter serves as a notice to the Company under Rule 9.15 of the GEM Listing Rules.

After considering legal advice, the Company through its lawyer submitted a written request to the GEM Listing Committee of the Stock Exchange (the "Committee") pursuant to Chapter 4 of the GEM Listing Rules for reviewing the Decision on 6 December 2016. On 14 December 2016, it was confirmed by the Stock Exchange that the review hearing of the Committee has been scheduled on 7 March 2017.

On 17 March 2017, the Stock Exchange notified the Company that the Committee, having considered all the submissions (both written and oral) made by the Company to the Listing Department of the Stock Exchange, the Committee considered that the Company had failed to maintain sufficient operations or assets under Rule 17.26 of the GEM Listing Rules to warrant the continued listing of the Company's shares. The Committee therefore decided to uphold the Decision to suspend trading in the Company's shares under Rule 9.04 of the GEM Listing Rules and commenced the procedures to cancel the Company's listing under Rules 9.14 to 9.16 of the GEM Listing Rules.

After considering legal advice, the Board has decided not to appeal against the decision of the Committee to the Listing Appeals Committee.

At the request of the Company, trading in the shares of the Company has been suspended with effect from 9:00 a.m. on 20 March 2017.

On 30 October 2017, the Company received a letter from the Stock Exchange in which it stated that the Stock Exchange agreed to allow the Company to submit a new listing application (the "Listing Application") relating to the Resumption Proposal on or before 8 January 2018.

On 19 January 2018, the Stock Exchange granted an extension of time to the Company to submit the new listing application relating to the Resumption Proposal on or before 29 March 2018 and despatch the circular in accordance with the requirements under the Listing Rules and the Takeovers Code on or before 19 June 2018. On 29 March 2018, the Stock Exchange granted a further extension of time to the Company to submit the new listing application relating to the Resumption Proposal on or before 29 June 2018 and despatch the circular in accordance with the requirements under the Listing Rules and the Takeovers Code on or before 12 September 2018.

On 28 June 2018, the Company and the Investor entered into the second supplemental restructuring framework agreement pursuant to which, the restructuring framework agreement (as amended and supplemented by the first supplemental restructuring framework agreement dated 9 November 2017) were further amended and supplemented to give effect to certain terms of the proposed restructuring.

On 29 June 2018, the Company has submitted the Listing Application to the Stock Exchange and the Securities and Futures Commission for vetting. With the view that the Company is in the process of preparing the financial information of the Target Group for the stub period ended 31 July 2018 for the Listing Application, on 6 September 2018, the Executive had granted an extension of time for the despatch of the circular in accordance with the requirements under the Listing Rules and the Takeovers Code on or before 31 December 2018.

For details, please refer to the announcements of the Company dated 2 December 2016, 6 December 2016, 20 March 2017, 9 November 2017, 10 November 2017, 21 December 2017, 22 January 2018, 22 February 2018, 23 March 2018, 4 April 2018, 4 May 2018, 4 June 2018, 28 June 2018, 29 June 2018, 1 August 2018, 31 August 2018, 2 October 2018 and 2 November 2018.

## **OUTLOOK**

The Group is principally engaged in trading of metals and securities.

Among the Group's two business segments, the trading of metals/stainless steel wires contributed majority of the Company's revenue for the Period. In view of the high demand for stainless steel wires from the mobile communication and medical industries as raw materials in recent years, revenue from the trading of metals remained a steady level. Also, in order to streamline and improve efficiency, the Group will continue to focus its resources on metals trading.

On the other hand, as the Acquisition forms part and parcel of the Resumption Proposal, upon completion of the Resumption Proposal, the Group will primarily engage in the Target Group's business. All the existing businesses including assets and liabilities of the Company will be transferred to a nominee of the Scheme Administrator.

The Group will continue to take various measures to enhance its liquidity and financial position including, but not limited, to the possible disposal of investment properties, vessel and the equity of individual subsidiaries of the Group. The Company will consult its advisers in this respect for the possible measures.

## **NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION**

### **1. GENERAL INFORMATION**

The Company is an exempted company with limited liability incorporated in the Cayman Islands. The address of its registered office is P.O. Box 309, Ugland House, Grand Cayman, KYI-1104, Cayman Islands. It's principal business is investment holding.

The Group is principally engaged in trading of metals and securities.

### **2. GOING CONCERN BASIS**

The Group had a net liabilities of approximately HK\$457,509,000 as at 30 September 2018, which indicated that the Group may be unable to realise its assets and discharge its liabilities in the normal course of business.

The condition above indicates the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern. Therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. To address the issues above, the Company had explored and negotiated with the investor, the creditors and any other parties concerned for the Proposed Restructuring of the Group.

As the Company is preparing the Resumption Proposal, the successful implementation of which will affect, including but not limited to, the Proposed Restructuring comprising (i) the Capital Reorganisation; (ii) the Creditors Schemes; (iii) the Open Offer; and (iv) the Acquisition. For details, please refer to the section of "Listing Status" above therefore, the Directors are of the view that the major procedures of the Proposed Restructuring will eventually be agreed upon by the Company's creditors, the investor, management of the Target Group, the Company's shareholders and any other parties concerned, and will be successfully implemented. Besides, the Directors have considered that the Group obtained additional financing facilities from an independent third party of approximately HK\$35,000,000 in June 2018. Accordingly, the Directors have prepared the indented consolidated financial statements on a going concern basis.

Should the Group be unable to achieve a successful restructuring as mentioned above, or alternatively, under other available options of restructuring, and therefore be unable to continue its business as a going concern, adjustments might have to be made to the carrying amounts of the Group's assets to state them at their recoverable amounts and to provide for any further liabilities which might arise.

### 3. BASIS OF PREPARATION

These unaudited condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants and the applicable disclosures requirements of the GEM Listing Rules and the accounting principles generally accepted in Hong Kong.

These unaudited condensed consolidated financial statements, which do not include all information and disclosures as required in the annual financial statements, should be read in conjunction with the annual report for the year ended 31 March 2018.

The accounting policies and method of computation used in the preparation of these condensed financial statements are consistent with those used in the annual financial statements for the year ended 31 March 2018.

#### 4. CHANGES IN ACCOUNTING POLICIES

During the Period, the Group has applied for the first time the following amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) that are mandatorily effective for an accounting period that begins on or after 1 January 2018:

HKFRS 9	Financial Instruments
HKFRS 15 and amendments to HKFRS 15	Revenue from Contracts with Customers
Amendments to HKFRS 2	Classification and Measurement of Share-based Payment Transactions
Amendments to HKFRS 4	Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurance Contracts
Amendments to HKAS 40	Transfers of Investment Property
Amendments to HKFRSs	Annual Improvements to HKFRS Standards 2014 – 2016 Cycle
HK(IFRIC) Interpretation 22	Foreign Currency Transactions and Advance Consideration

The new and amendments to HKFRSs have been applied in accordance with the relevant transition provisions in the respective standards and amendments which results in changes in accounting policies, amounts reported and/or disclosures as described below.

##### **Changes in accounting policies of application on HKFRS 15 Revenue from Contracts with Customers**

The Group has applied HKFRS 15 for the first time during the Period. HKFRS 15 superseded HKAS 18 *Revenue*, HKAS 11 *Construction Contracts* and the related interpretations.

The Group recognises revenue mainly from the trading of metals.

The Group has applied HKFRS 15 retrospectively with the cumulative effect of initially applying this Standard recognised at the date of initial application, 1 April 2018. Any difference at the date of initial application is recognised in the opening accumulated losses (or other components of equity, as appropriate) and comparative information has not been restated. Furthermore, in accordance with the transition provisions in HKFRS 15, the Group has elected to apply the Standard retrospectively only to contracts that are not completed at 1 April 2018. Accordingly, certain comparative information may not be comparable as comparative information was prepared under HKAS 18 and HKAS 11 and the related interpretations.

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, HKFRS 15 introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a Customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Under HKFRS 15, an entity recognises revenue when a performance obligation is satisfied, i. e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

The application of HKFRS 15 has no significant impact on the timing and amounts of revenue, results and the financial position of the Group for the Period and the accumulated losses at 1 April 2018.

### **Changes in accounting policies of application on HKFRS 9 *Financial Instruments***

During the Period, the Group has applied HKFRS 9. HKFRS 9 has introduced new requirements for a) classification and measurement of financial assets, b) impairment of financial assets and c) general hedge accounting.

Specifically, with regards to the classification and measurement of financial assets HKFRS 9 requires all recognised financial assets that are within the scope of HKFRS 9 to be subsequently measured at amortised cost or fair value. Debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of each of the subsequent accounting periods. Debt investments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms

that are solely payments of principal and interest on the principal amount outstanding, are generally measured at fair value through other comprehensive income (FVTOCI). All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. Further, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is neither held for trading nor being contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 applies) in other comprehensive income, with only dividend income generally recognised in profit or loss and the cumulative fair value changes will not be reclassified to profit or loss upon derecognition of the investment.

With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of a financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of such changes in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss is presented in profit or loss.

With regard to impairment of financial assets, HKFRS 9 has adopted an expected credit loss model, as opposed to an incurred credit loss model required under HKAS 39. In general, the expected credit loss model requires an entity to assess the change in credit risk of a financial asset since initial recognition at each reporting date and to recognise the expected credit loss depending on the degree of the change in credit risk.

With regard to the general hedge accounting requirements, HKFRS 9 retains the three types of hedge accounting mechanisms currently available in HKAS 39. Under HKFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

The directors of the Company reviewed and assessed the Group's existing financial position as at 30 September 2018 and 1 April 2018 in accordance with the requirements of HKFRS 9 and HKFRS 15. There has had no material effect on the amounts reported in these condensed consolidated financial statements and/or disclosures set out in these condensed consolidated financial statements.

## 5. FAIR VALUE MEASUREMENTS

The carrying amounts of the Group's financial assets and financial liabilities as reflected in the condensed consolidated statement of financial position approximate their respective fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following disclosures of fair value measurements use a fair value hierarchy that categorises into three levels the inputs to valuation techniques used to measure fair value:

Level 1 inputs: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.

Level 2 inputs: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs: unobservable inputs for the asset or liability.

The Group's policy is to recognise transfers into and transfers out of any of the three levels as of the date of the event or change in circumstances that caused the transfer.

## 6. SEGMENT INFORMATION

The Group has two reportable segments in its continuing operations during the Period.

Metals – Trading of stainless-steel wires

Securities – Investment and trading of listed securities

Three trading businesses (the trading of beverages, household products and nephrite) had ceased/discontinued during the Period. Also, the charterer agreement for chartering out of pleasure vessel has been ended in August 2018 and no renewal of the agreement has been made. The segment information reported does not include any amounts for these discontinued operations, which are described in more detail in note 11.

The Group's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies.

The following is an analysis of the Group's revenue, results and assets by operating segments for the periods under review:

**(a) Segment revenue, results and assets**

## 13. LOSS PER SHARE

### **Basic loss per share**

(a) *From continuing and discontinued operations*

The calculation of basic loss per share is based on the loss attributable to owners of the Company for the three months period ended 30 September 2018 of approximately HK\$30,223,000 (2017: approximately HK\$33,474,000) and the loss attributable to owners of the Company for the six months period ended 30 September 2018 of approximately HK\$51,582,000 (2017: approximately HK\$49,599,000), and the weighted average number of ordinary shares of 3,415,197,762 shares (2017: 3,415,197,762 shares) in issue during the two respective periods.

(b) *From continuing operations*

The calculation of basic loss per share is based on the loss attributable to owners of the Company for the three months period ended 30 September 2018 of approximately HK\$21,908,000 (2017: approximately HK\$28,038,000) and the loss attributable to owners of the Company for the six months period ended 30 September 2018 of approximately HK\$42,676,000 (2017: approximately HK\$45,526,000). The weighted average numbers of ordinary shares used as denominators in calculating the basic earnings per share are the same.

(c) *From discontinued operations*

Basic loss per share from the discontinued operations for the three months period ended 30 September 2018 is HK0.24 cents per share (2017: HK0.16 cents per share), based on the loss for the period from discontinued operations attributable to the owners of the Company of approximately HK\$8,315,000 (2017: approximately HK\$5,436,000) and the denominators used are the same as those detailed above for basic loss per share. While the basic loss per share from the discontinued operations for the six months period ended 30 September 2018 is HK0.26 cents per share (2017: HK0.12 cents per share), based on the loss for the period from discontinued operations attributable to the owners of the Company of approximately HK\$8,906,000 (2017: approximately HK\$4,073,000) and the denominators used are the same as those detailed above for basic loss per share.

### **Diluted loss per share**

For all (a), (b) and (c) cases above, as the exercise of the Group's outstanding convertible bonds would be anti-dilutive and there were no dilutive potential ordinary shares of the Company's outstanding share options for both periods, no diluted loss per share was presented in both periods.

#### 14. GOODWILL

Goodwill acquired in a business combination is allocated, at acquisition, to the cash generating units (“CGUs”) that are expected to benefit from that business combination. The carrying amount of goodwill had been allocated as follows:
